Commissioner Ann Cavoukian a keynote speaker at international conference at University of Ottawa

OTTAWA – Ontario's Information and Privacy Commissioner, Dr. Ann Cavoukian, is the conference co-chair and a keynote speaker at *Privacy Security Trust 2010*, a major international conference that opens Tuesday, August 17 at the University of Ottawa.

The Commissioner's keynote presentation at 12:30 p.m. Tuesday will emphasize the role that innovation must play in achieving positive-sum solutions in which privacy prospers alongside other interests, such as security. She will then lead a panel of successful Ontario pioneers in biometric encryption to demonstrate just how such innovations can be applied.

The theme for this year's three-day conference is *Privacy, Security and Trust by Design: PbD - The Gold Standard*.

The conference is being held at the Desmarais Building at the University of Ottawa. (For a map of the campus, with the Desmarais building marked, visit
