

Learning About Passwords

Practice making up a password

- Make the password 8 or more letters, numbers and symbols.
- Use letters, numbers AND symbols in your password.
- Use different passwords for different accounts.
- Make it hard to guess. Too many people know your pet's name, so don't use that!
- Don't share your passwords.

After making the password on this sheet, check with a grownup to see if it is a good one. That way you will know how to make a good one on your own.

colour the Tablet

Colour the tablet. Draw a lock on it.
A password is like a lock.

Office of the
Privacy Commissioner
of Canada

Kids go online earlier in life than ever before – which means that parents and guardians should start talking about the digital world and online privacy much sooner than they used to. We created this activity sheet as a fun way to get the conversation started.

For more activities and information, visit youthprivacy.ca

This activity sheet is available free of charge; we encourage you to copy and share it.
We've developed this activity sheet and other materials to help to raise awareness of privacy issues among young Canadians
and provide information to help them reduce privacy risks.

Visit youthprivacy.ca to find our resources and download copies.
